Do you want to improve your scores in obedience? Are you losing points due to poor handling? Do you even know if the judge has deducted points for your handling? Do you know what the Miscellaneous line on your score represents? You need to attend this half-day seminar given by our own Sue Oviatt-Harris, recognized AKC judge. This will give you valuable tips to improve your handling and scores in the obedience ring. This workshop is for anyone whether you are new to the ring or an experienced handler in the ring.

After the seminar, Sue will be available to run you & your dog through the class of your choice to evaluate your handling. \$25 per person and is limited to 6 spots.
